Skorr Announces Sweepstakes for Super Bowl Tickets

Web site visitors to Skorr Products will have a chance to win two tickets and a travel package to Super Bowl XLI in Miami.

Skorr Products, LLC of Paterson, New Jersey is announcing a sweepstakes to win <http://www.skorrproducts.com/> [Super Bowl tickets] and a tour package to Super Bowl XLI in Miami Beach, Florida. The rules are simple enough, just visit the Skorr Web Site and enter your contact information.

“I was thinking of ways to reward people for coming to my web site,” says Robert Skvorecz, president of Skorr Chafers, and it developed into this Super Bowl promotion.”

The package includes a double occupancy, three-night stay at the 4-star Sea View Bal Harbour Resort and tickets to the big game. Check-in is February 2nd and checkout is the 5th. Also included is a pre-game cocktail party with an ex NFL player, admission to the NFL experience, transportation to and from the game, and an official game souvenir. Air Fare and some “walking around” money are also part of the deal.

American Sweepstakes & Promotion Company will announce the winner of the <http://www.skorrproducts.com/> [Super Bowl tickets] on the Skorr Web site.

Skorr Products feature wire chafing stands for use at home and by caterers.

Wire chafer stands are gaining popularity at home parties, office parties, reunions and picnics, and are on their way to replacing the traditional and costly heavyweight stainless-steel chafing dish.

Whether it's a backyard barbeque, birthday party, Halloween, holiday feast, or your super bowl party you can simply prepare the food in advance, set it out in wire chafers for guests to serve themselves, and then toss the whole works afterwards. The wire frame of the chafer stand holds a rectangular aluminum tray or two of food, which is warmed by another "steam" tray of hot water beneath it. Heat is supplied by chafing fuel cans that are placed in holders at the bottom of the Skorr chafer.

The rectangular chafing pans are ideal for hot foods that need to be kept flat such as chicken breasts, fish fillets, BBQ pork or beef and lasagna. You can also use chafers to keep cold salads fresh. Fill the water pan with ice and put your potato salad and cold seafood in the food pan for buffets – or just simply use ice in both trays and place your seafood across the ice.

Skorr chafer stands have won the Best Quality Award from the Professional Chefs Association.

Adds Skvorecz, "I feel our Skorr chafer is one of those few products which potentially appeals to all and to prove it, I developed this offer; two <http://www.skorrproducts.com/> [Super Bowl tickets] along with continental airfare and hotel, plus 300 dollars walking around money.

For more info, write to Skorr Products, LLC at 90 George St. Paterson, NJ 07503; call Robert Skvorecz at 973-523-2606; Fax 973-523-3009; email: Robert@skorrproducts.com or visit: <http://www.skorrproducts.com/>
